November 30, 2020	3	2	Pending, travel	0	3	0
November 24, 2020	1	1	No known exposure	0	1	0

Contact tracing and self-isolation

All patients who have tested positive for the virus have been contacted by the Thunder Bay District Health Unit (TBDHU) and are self-isolating at home to prevent further spread of the virus.

The TBDHU is completing very thorough contact tracing and will contact those who are considered high risk contacts of the individuals who have tested positive for COVID-19. To help with the contact tracing process, consider downloading the COVID Alert app.

For more information on self-isolation, please click [here](#).

Preventing further spread of COVID-19 in our communities

Everyone is encouraged to continue to follow public health to help keep our family, friends and neighbours safe. Please click [here](#) for more information on how to protect yourself and others from COVID-19.

Contacting the MFHT

Please email appointments@mfht.org to request an appointment. Emailing the clinic is currently the most effective way of reaching us. If you don't have access to a computer or have an email address, you can contact us by calling 807-229-3243.

Additional COVID-19 information

All new case information can be found on the TBDHU's [website](#) and [Facebook page](#). If you have any questions related to COVID-19, please contact the TBDHU for more information. Public health professionals are here to guide you and to provide you with individualized advice during these uncertain times.
